

Stand Out from the Competition.

Impress your clients with professional-grade property profiles powered by the most comprehensive real estate information source available using REiSource®. Customize and personalize your property profile by including your photograph, contact information, company logo and more!

Industry Leading Property Profiles

Select from 4 stunning report styles to best fit your needs. Your Property Profile Report includes:

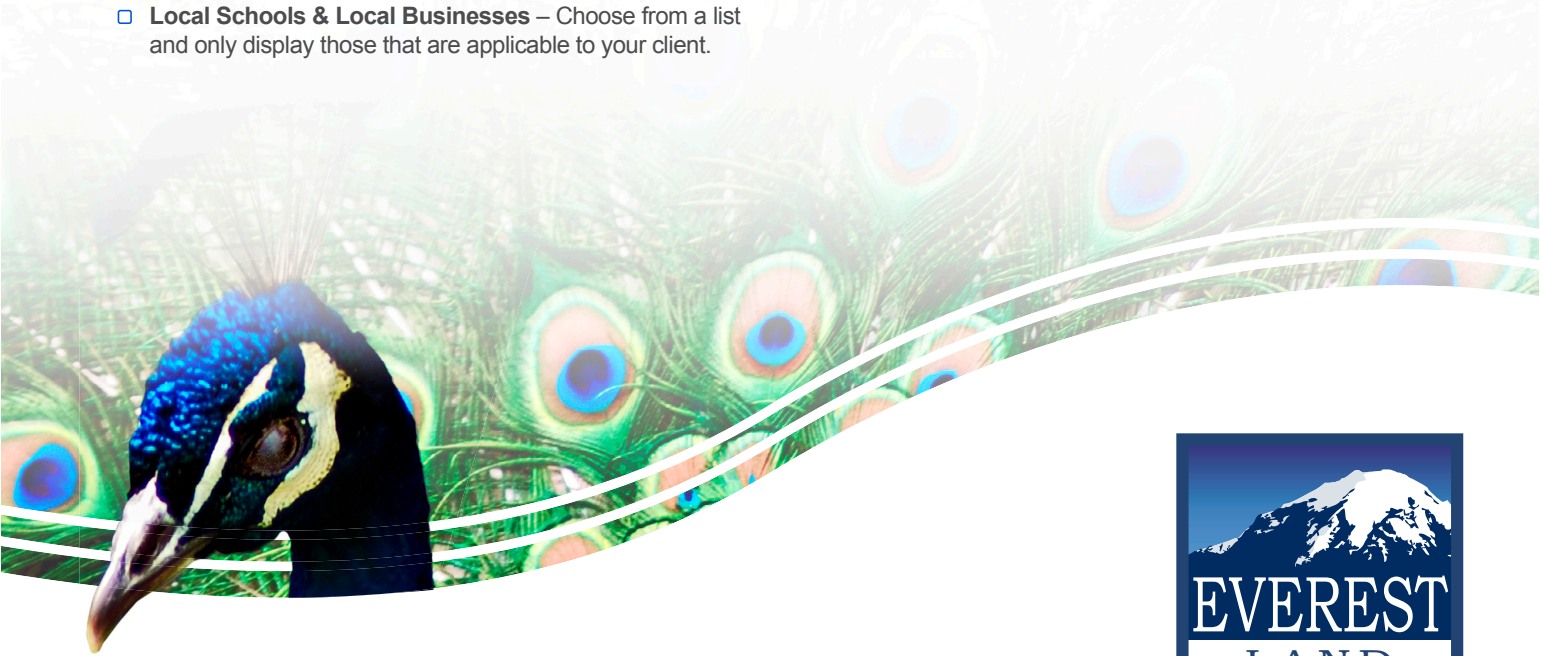

- **Subject Property Detail** – This one-to-two-page section of the report includes property and mailing address, subdivision names, total assessed value, property tax information, physical property characteristics and more.
- **Sales Comparables** – Configure sales comps with the ability to select a geographic radius, sales range dates, lot size, pools, house style, land use and other detailed property info at the census tract, zip code and city-level.
- **Street & Aerial Maps with “Best Fit” Feature** – View parcel boundaries within a broad map coverage area and determine the optimal zoom level to plot your sales comps on a single map image.
- **Plat Map & Doc Images** – View plat maps and retrieve recorded document images for the most recent sale as well as transaction history
- **Transaction History** – Obtain information on owner history.
- **Local Schools & Local Businesses** – Choose from a list and only display those that are applicable to your client.

- **Neighbors** – Gain insight using neighbor and neighborhood data and addresses of nearby neighbors.
- **Demographics** – Visualize census demographics using charts and graphs.
- **Crime** – Show crime stats from Federal, state and county sources.
- **Additional Pages** – Load documents that may be helpful for your client, such as academic performance ratings/reports, charity events and more.

Cover and Comps Report

- An additional report option for greater versatility.
- Save time and retrieve the exact information you need.

Not only will your property profiles make a lasting impression, but you’ll be able to view, print and email the reports in PDF format. And if that wasn’t enough, you can retrieve previously generated reports, at no additional charge, for up to 30 days.
